

The Beaucaire Bulletin

November 2017

Dear Parents,

We will continue our unit on trees throughout the month of November, noting how the leaves have changed color and fallen off the trees. In addition, we will begin to sort and identify various foods that grow on a tree, in a garden and on a farm. During math, we are focusing upon number identification, counting and matching quantities with their corresponding written number.

We have recess every day, as well as P.E. class on Tuesdays, Wednesdays and Thursdays. Please send your child to school in gym shoes or send an extra pair of gym shoes to be kept at school.

REMINDER!!

Your child should be wearing their hearing aids from the moment they wake up in the morning, until they go to sleep at night (with the exception of bath time). It is necessary for them to have access to sound, in order to acquire spoken language.

Upcoming Date to Remember:

Wednesday November 15th – Report Card Pickup/Parent Teacher Conferences (No classes for students)

Wednesday November 22nd- Friday November 24th – No School (Thanksgiving Break)
