

# News From A208

Dear Parents,

The students have been working on identifying the parts of a book (front and back cover, spine, title, author, illustrator), making predictions, reading sight words and identifying rhyming words. In math, we have practiced skip counting by 5's, identifying two dimensional and three dimensional shapes and beginning addition. We are continuing our unit on the senses in science and will tie this in with our new learning garden.

Our Halloween Party will be held on Tuesday October 31. If you would like to send candy or treats they must be store bought and cannot contain peanuts or tree nuts. Please send your child's costume to school in their backpack.

Please check your child's hearing aids/ cochlear implant batteries each morning. Work with your child on putting their hearing aids/implants on independently.

**If you would like to help with our new learning garden, we would love it! We will need assistance with watering, weeding and harvesting.**

Upcoming Dates to Remember:

Tuesday October 3 – Planting Day

Monday October 9 – No School

Wednesday October 18 – Picture Day

Thursday October 26 – Family Literacy Night

Tuesday October 31 – Halloween Party!
