

# February 2018

## What's New in preK?

On Valentine's Day, the children will participate in a special activity and be able to pass out their own Valentines. Please send enough for each child in the classroom. Thank you!

### Important Dates:

**1st** - End of Quarter 2

**2nd** - No School

**14th** - Valentine's Day Celebration!

**19th** - No School  
President's Day

### WHAT we're EXCITED ABOUT...

We returned well-rested and had a great start to the new year! January has given us some very cold weather sprinkled with a few warm days. We have had fun looking and talking about our winter weather.. We are hoping the groundhog doesn't see his shadow on February 2nd! We are ready for spring so we can play outside again!

Our classroom unit has come to an end! We have explored so many questions related to our study. We've had a great time exploring and creating with our classmates.

Next, we will be studying simple machines! What is a simple machine? Where do we find them? What do they do? Stayed tuned for more information about our new study!

### Friendly Reminders:

\*Please send extra shoes with your child, if he/she will be wearing boots to school. It is very difficult for our little ones to walk around in boots all morning/afternoon and they also leave water and mud throughout our classroom.

\*Please check your child's backpack daily and return any forms that require your signature! Thank you!
