

# November 2017

## What's New in PreK?

### What We've Been Learning

We've been talking all about the changes we experience and see in the fall. We've explored trees, pumpkins, cooler weather, and animals around our school. We have also started working on the concepts of same/different through our math curriculum. Please spend time with your child discussing what makes something the same or different. This is an important stepping stone for higher level skills in both math and reading. There are so many real world examples in and around your home. Thank you for all your support!

### Friendly Reminders:

- \*The weather is getting cooler and we are still enjoying playing outside. Please send your child with appropriate clothing for outdoors.
- \*Please contact your child's teacher if he/she will be absent AND send a note to school if your child is sick or at an appointment so that he/she can be excused.
- \*Check your child's backpack daily for notes home, things to sign and return, and/or projects.

### IMPORTANT DATES:

- \*NOVEMBER 3 - NO SCHOOL!  
Teacher INSTITUTE DAY
