Third Quarter Begins

February 5th - April 12th

We are halfway through the school year! To the families of 6th and 8th graders, please keep in mind this is a benchmark year. End of year grades (the average grade of all four quarters) must be a C or higher in both Reading and Mathematics. Additional promotion criteria is determined in student IEPs. Please reach out to Ms. Tossi if you have any questions about promotion criteria! 7th grade families, this year's end of year grades are looked at for high school eligibility. You can all do it! Keep working hard this last half of the year!
